

Fine Art Portraiture

THE BEAUTY OF FILM.

PACKAGES & PRICING 2012.

About

Thank you for your interest in a Portrait Session with Natalie G. Photography. I'm honored you have been viewing my work and look forward to serving your family with customized one-on-one service!

I believe that REAL LIFE IS ART! As a mother & an artist, I know there is nothing more irreplaceable than having the beauty of life recorded. My goal is to create a collection of images you & your family will cherish & treasure for a lifetime. I want to tell a story of the love, relationships & people captured in a real, authentic & unpretentious way. I'm a natural light photographer who works on location in the places you enjoy. My style is clean & modern with a dash of fun.

If you have any additional questions or to book a session, please call me at 206.370.1808 or email info@nataliegphotography.com

Session Packages

Memories in physical form, which you can hold, admire, display- that is what makes photographs the lasting heirlooms they are. I want to ensure you have your choice from a variety of options for bundled print & products to suit what you are looking for. Each set is designed to present my clients with photographic service plus customized prints & products making your images into tangible art. Each package comes with a selection of fine art prints, book products & digital files in addition to the basic personalized online galleries & proofing. Of course, you are always welcome to work with me to build a personalized collection of prints & product package!

I also provide an optional in-person ordering consultation to present your images to you as well as finalize selection of images & prints included in your package.

Clients are typically presented with a gallery of 85-125 beautiful images. Your full proofing site will contain all final images taken at your session with basic adjustments. As always, additional prints & products can always be purchased a la carte by friends & family online from the convenience of home. (Please note: galleries & orders not completed within the 6 Month time allotment are put into archive. A \$50 retrieval fee is assessed for reloading your gallery). There is not a minimum purchase requirement with my services.

Per State & Federal Law, I am required to apply 9.5% King County, WA sales tax on all services & products.

BASIC CREATIVE FEE

\$375

In addition to the beautiful photos we'll create in our 1 hour time together, the Basic Session includes an online personalized slideshow to share with friends & family, full proofing galleries for convenient online ordering of prints & products which will be live for 6 months, a set of proof prints, and 5 sharable image downloads. (No prints or products are included with the Basic Session & can be ordered a la carte)

WHY FILM?

I am a 100% Film Photographer. I shoot Film because it gets the images I love, with no fluff, no pretense and no excess. All of my images are captured on Medium Format Film, then processed & scanned at some of the best labs in the world. Film is a real, tactile, emotional relationship between the photographer, light, emulsion & camera. The results are amazing, continually blowing me away. The depth, richness, color, sharpness, quality-- hands down cannot be replicated. Film is real, raw & untouchable even still. Film is incredibly special and will always be an irreplaceable medium worthy of being cherished as family heirlooms.

But no, you won't have to deal with negatives. All images are scanned into image files at resolutions far exceeding what digital capture is producing. Our professional printing & photographic products are printed from these scanned files. I truly believe Film delivers something far more spectacular & more timeless than the expediency the digital realm can produce. Film has authenticity which exceeds expectations. I think you will agree.

FRESH.
MODERN.
REAL.
100% FILM.
